

# Universal Day of Prayer for Students 2014

*We are Many, We are One:*

*Sent out to build God's peace*

The Universal Day of Prayer for Students (UDPS) has been observed by the World Student Christian Federation (WSCF) since 1898, making it one of the oldest ecumenical days of prayer. The UDPS is one of the tangible signs of our common life and connection between students and Friends of the Federation all around the world.

This year's UDPS liturgy was inspired by the Federation's General Assembly theme: "We are Many, We are One - Sent out to build God's peace".

WSCF affirms a God of life who leads us away from the powers of death all around us, who has led and continues to lead us to justice and peace. We are committed to doing our best to say yes to this reality and to inspire young people around the world to commit their lives to the work of justice and peace.
